Profile Info

With over five years of experience, I stay up to date with the latest technologies and am always ready to take on new challenges. I'm a dedicated full-stack JavaScript developer with a strong focus on frontend development.

Experience

True Meridian, Software Engineer Islamabad, PK
March 2024 – Present

- Spearheaded the development of responsive web interfaces using Next.js and Tailwind CSS, enhancing performance and user engagement across key modules.
- Engineered dynamic and intuitive web applications by integrating robust APIs, resulting in a 15% improvement in load times and user satisfaction.
- Partnered with UI/UX teams to deliver pixel-perfect implementations, directly contributing to a 20% boost in design consistency across platforms.
- Streamlined collaboration between frontend, backend, and QA teams, reducing bug resolution time by 20% and accelerating deployment cycles.

Selteq Solutions, Software Fronted Developer Islamabad, PK
March 2022 – April 2023

- Developed and maintained scalable frontend solutions using React, Next.js, Bootstrap, MUI, SCSS, and CSS, improving maintainability and reducing code redundancy by 15%.
- Collaborated with the design, backend, and QA teams to ensure pixel-perfect implementations and seamless functionality.

Dynamologic Solutions, Software Frontend Developer Islamabad, PK
June 2019 – March 2022

- Being a key member of a development team of 12, responsible for developing and maintaining responsive user interfaces using React JS, HTML, and CSS, and integrating APIs to deliver dynamic and user-friendly web applications.

Education

BS   **FAST-NUCES**, Computer Science
